The Matrix is a Codex for Consciousness

This film is a codex for the consciousness.

Plus she's hot as F---

And he is a better actor than he's given credit for, just like The Lion, because that's the curse of being so pretty fellas!!! 😏

MORPHEUS = PROTEUS = GOD

TRINITY = LOVE = HOLY MOTHER

NEO = NEWBORN SON = MESSIAH

CYPHER = SATAN = TRICKSTER

WEAVING = VEIL WEAVER = DEVIL

The ID of THE WEAVER required peeling back an extra layer of deception. That, like everything else, is NOT accidental. Nor is the fact that his official name is perfectly benign AGENT SMITH.

LOVE is the umbilical TETHER OF LIFE connecting God, Mother and Life, knotted through THE SON; THE TRINITY KNOT.

Re-watch the scene where NEO saves MORPHEUS and TRINITY must be saved via the tether connected to failing helicopter.

The NEWBORN SON is a concentration of the evolving energy of humankind, called upon at The Convergence Point, this time between Mars and Libra, calling for The Dawning of Aquarius.
